

ALA CARTE

Several schools sell ala carte items in addition to breakfast and lunch for an additional cost. All items sold are smart snack compliant, see link below for more information.

http://www.fns.usda.gov/sites/default/files/allfoods_flyer.pdf

Please note: Students must have money in their accounts to pay for ala carte items. Many school sites have adopted the practice of letting students charge one meal only but all District sites will not serve students snack items if their accounts are overdrawn.

How do I restrict my student's purchases?

Simply call your student's school nutrition manager and request that ala carte purchases be blocked.
